## Service Change Description

### Existing Service

Route 130 is a very productive route with strong all-day ridership. During public outreach, riders asked for improved transfers between BART and SamTrans buses, as well as later evening service.

### Recommended Changes

#### Coverage (Where it goes)

In the recommended network, Route 130 is extended into Oyster Point to improve access to jobs and bayfront open space. The portion of the route between Grand Avenue and Airport Boulevard is removed; however, the new Route 121 would continue to serve Linden Avenue between Airport Boulevard and Grand Avenue.

In Daly City, the route would serve Daly City BART more directly from the south, by cutting out the loops on San Jose Ave, Flournoy Street/Sickles Avenue, and Mission Street. Existing customers at these stops would need to walk further for a connection to SF Muni Route 14 or transfer to the SF Muni 14 Rapid at Daly City BART.

Trips on Route 130 that operate only on school days serving John F. Kennedy Elementary School and Thomas Pollicita Middle School would continue and be renamed as Route 30.

#### Frequency (How often it runs)

Route 130 would operate more frequently on the weekends, running every 15 minutes during the daytime, seven days a week.

#### Hours of Service (When it runs)

Route 130 would operate until midnight on weekdays. Service would begin an hour earlier and be extended two hours later on weekends, with service 6:00 a.m. to 10:00 p.m.
