

Route 295

San Mateo Caltrain — Redwood City Transit Center

Hours of Service

	Weekday	Saturday	Sunday
Existing	6:15 AM-7:45 PM	—	—
Recommended	7:00 AM-7:00 PM	6:15 AM-7:45 PM	7:00 AM-7:00 PM

Service Change Description

Existing Service

Route 295 is a low ridership route connecting Redwood City, San Carlos, and San Mateo primarily via Alameda de las Pulgas. With the exception of school times, most trips carry few passengers. Public input suggested that reliability is an issue.

Recommended Changes

Coverage (Where it goes)

In the recommended network, Route 295 would run between Redwood City, San Carlos Caltrain, and Hillsdale Shopping Center. Service north of Hillsdale Shopping Center would be discontinued and partially replaced with the recommended Route 249. Route 295 would no longer serve Cordilleras Center due to low ridership.

The portion of the current route between Redwood City and San Carlos would operate on Jefferson Avenue instead of Whipple Avenue. Existing riders on Whipple Avenue could walk about 10 minutes to Alameda de las Pulgas or El Camino Real for service.

In San Carlos, the route would use El Camino Real instead of Cedar Street, between San Carlos Avenue and Brittan Avenue.

Riders on Alameda de las Pulgas between W Hillsdale Boulevard and CA-92 would continue to have service through Route 294. North of CA-92, riders could utilize the recommended Route 249.

Frequency (How often it runs)

In the recommended network, Route 295 would operate every 60 min all day, seven days a week.

Hours of Service (When it runs)

Route 295 would receive new service on Saturdays and Sundays. Hours of service on weekdays would not change.

Recommended Frequency

	Day	Peak (minutes) (6-9am, 3-7pm)	Midday (minutes) (9am-3pm)	Evening (minutes) (7pm-12am)
Existing	Weekday	60	60	60
